Project Management – PRINCE2 Foundation and Practitioner
Five-day Course

Target Audience

Every element of this course has been designed with care to cover the subject matter thoroughly – with practical advice on how to use PRINCE2 in practice. A highly-regarded course for those who want to develop a sound, professional grounding in the methodology.

Ideally, group size would be limited to 12 participants. This number allows the course tutor to devote sufficient time to giving participants individual feedback throughout the day.

PRINCE2 Foundation and Practitioner programme

Content

- The PRINCE2 process model
- The seven PRINCE2 themes
- The PRINCE2 principles
- Examinations

Expected Outcomes

By the end of this course, participants will be able to:

- Use a proven project management methodology which can plan, organise and control the successful implementation of projects
- Understand how the PRINCE2 methodology can be flexible and adaptable for any type and size of project
- Complete the Foundation and Practitioner examinations
- Bring your employees and organisation in line with an internationally recognised methodology.
